Discussion
Closing Remarks

As teachers we are life-long learners. We have been tested and will continue to be tested. We ARE the example! We are to model what we expect from our future teachers.

You WILL...

- Put in extra time
- Become frustrated
- Learn new content and new methods
- Become more creative and resourceful

Because you ARE a **PROFESSIONAL TEACHER**.

*It just IS what we do!*
Each of us play a role in the journey of our students. They control their destination.
