SkillsUSA Program of Work

PROVIDES THE ROAD MAP FOR PLANNING AND IMPLEMENTING CHAPTER ACTIVITIES

Why should your chapter create a yearly SkillsUSA Program of Work (PoW)?

When a chapter provides rich experiences in all six categories of the PoW, it empowers students to become career ready. These activities allow students the opportunity to practice and perform the Essential Elements of the SkillsUSA Framework and receive feedback to strengthen their skills.

Workplace Experiences
Participation in career exploration, planning and work-based learning opportunities including the SkillsUSA Championships.

Leadership Development
Establish interpersonal relationships, individual and team development through chapter operations, leadership competitions and individualized growth plans.

Advocacy and Marketing
Promote SkillsUSA chapter and career and technical education programs, public relations initiatives and experiences to build social responsibility.

Community Engagement
Assess community needs, identify services and employ skills to meet needs that develop long-lasting partnerships.

Partner and Alumni Engagement
Engage former members, parents, advisory committees, administrators, faculty and business and industry partners in SkillsUSA chapter and classroom activities.
